

NICOLAS RUEL 8 SECONDES AT GALERIE ORANGE IN CANADA

NICOLAS RUEL
8 secondes

From September 16 to October 4 2009

Opening : Wednesday September 16, from 6 – 9 pm

:::

In connection with Mois de la Photo (Montréal), Galerie Orange is pleased to present 8 secondes, a solo exhibition of photographs by Nicolas Ruel. 8 secondes depicts urban civilization captured by the photographer in sustained interval of eight seconds. He explored evocative cities, in daytime and nighttime settings, such as Paris, Tokyo, New York and Sydney. This series, exclusively printed on stainless steel, benefits from the intrinsic and intense luminosity of its support material. Focusing on the concept of the Monumental, this interconnected approach creates parallels between urbanism, architecture and the citizen, entities that become indivisible within a few tumultuous seconds.

→ Nicolas Ruel was born in Montreal, Québec in 1973. Recent solo exhibitions include Galerie Seine 51, Paris (2009) and Thompson Landry Gallery, Toronto (2009). His works can be found in art collections such as Colart, Loto-Québec, TD Bank, MGM Grand, Microsoft, Power Corporation, Rothschild Investment Banking, Warner Brothers, and various private collections in North America and Europe. He lives and works in Montreal.
